

4001 EZ Cover

4001	EZ Cover
Size	1 size
Weight	80g
Material	Proprietary thermoplastic mesh

Applications and product description

EZ Cover eliminates the need to grind and shape, a common labor Intense process required for foam covers. Simply adjust to the proper circumferential size and cut as needed. Able to make a cover In 5 minutes.

- Made of proprietary thermoplastic mesh with special coating
- Balance between rigidity and flexibility is important
- Special tape that is designed to bond to the mesh material
- Hygienic
- Easy to redo as necessary
- Preformed shape makes it easy to adjust by hand without heat

Adjust to the proper circumference, and cut excess material if too tall.
Tape all edges using supplied tape.
